# ABOUT BOC

---

Boston Opera Collaborative (BOC) tells compelling and resonant stories through opera performed in spaces where audiences are in close contact with the power of the human voice.

Our nomadic approach utilizes unexpected venues to destigmatize the operatic experience and showcases diverse perspectives that raise questions, create joy, promote dialogue, and encourage audiences to think about what it means to be human. In supportive rehearsal and performance environments that push for growth, we support local Boston artists and opera makers of all kinds. With 26 BOC-commissioned world-premiere “Opera Bites,” opera classics like *Carmen*, and contemporary works like *The Italian Lesson*, we create impactful productions that are unique, intimate, and approachable for opera buffs and newcomers alike.

Boston Opera Collaborative’s artists come to us from the nation’s top conservatories, making Boston their home as they pursue the next stages of their careers. BOC provides performance and community engagement opportunities, continuing education, and professional development resources.

# OUR SEASON AT A GLANCE

---

*Opera Inferno, 2024*

## Opera Inferno

We journeyed into the flames with Opera Inferno, an **immersive 45-minute experience** that reimaged Dante's Inferno as an operatic descent through hell's most haunting circles. Our audience explored a realm where betrayed souls and tormented spirits drift through shadowed halls, each condemned to cycles of suffering that echo Dante's vivid visions.
